Assistant Principal

Congratulations on becoming a dolphin at Gulf Middle School! This year promises to be filled with exciting opportunities for all of our students as we strive to find ways that we can be even better than we have been before! During the 2018-19 school year, we will continue to build upon and refine our proven foundation of good work and honored traditions.

Our staff of highly qualified professional educators and support personnel are committed to providing our students many opportunities both inside and outside of the classroom. We invite and encourage students and parents to work in partnership with us to seize opportunities in all facets of our Gulf Mindset: Science, Technology, Engineering, Arts, and Math (STEAM).

Enclosed, please find your 6th grade course selection sheet. If you have any questions please contact us at (239) 549-0606. You will also find enclosed a STEM camp brochure attached. Do not miss the opportunity to spend a week participating in activities as well as a special trip to Busch Gardens. Please note that space is limited for this exciting summer opportunity to meet new friends and become acquainted with Gulf Middle.

Please join us at our new student orientation on May 10th from 5:30-7 p.m., where you will meet your exploratory teachers and learn more about Gulf. Bring your completed course selection sheet with you so we know exactly which opportunities you are looking forward to next year.

Thank you for making Gulf Middle your choice!

Regards,

Dr. Michelle Cort-Mora
