### MESSAGE FROM MR. MORELAND

*Gulf Middle*

GMS Family,

Did you know missing only 2 days of school a month lessens a student's chance of graduating from high school. It may not seem like much but every day in school matters. We are well into Quarter 3 and we are beginning to see a lag in attendance. I understand that some absences just can't be helped, which makes attending every day even more important.

Making sure your student is getting adequate rest, and plenty of exercise are two things you can do to help them be ready for school each day.

Finia W. 8th grade

Students will be allowed to wear tutus and ties to commemorate this day of twos. Students that participate will have their name entered into a drawing for a special prize courtesy of the Math department. We can't wait to see all the ties and tutus.**

**Builders Club is helping our community again**  
Mrs. Taylor and her Builder's Club is partnering with the Leukemia and Lymphoma Society to raise funds to further research. Beginning in March, students will have the opportunity to donate and help their class win a pizza party from Domino's. Students will be able to donate in person, and parents can join in the process by donating online. Details will be shared with students soon.

## Science in Action

Students from Mrs. Taylor's science class conduct an experiment!
